Contents of Volume 11

Editorial 1

P.V. Hodson (Canada)
The effect of metal metabolism on uptake, disposition and toxicity in fish (AQT 00316) 3

D.R. Buhler and D.E. Williams (U.S.A.)
The role of biotransformation in the toxicity of chemicals (AQT 00305) 19

M.C. Mix (U.S.A.)
Shellfish diseases in relation to toxic chemicals (AQT 00300) 29

D.C. Malins, B.B. McCain, J.T. Landahl, M.S. Myers, M.M. Krahn, D.W. Brown, S.-L. Chan and W.T. Roubal (U.S.A.)
Neoplastic and other diseases in fish in relation to toxic chemicals: an overview (AQT 00315) 43

G. Bailey and J. Hendricks (U.S.A.)
Environmental and dietary modulation of carcinogenesis in fish (AQT 00320) 69

D.E. Hinton, J.A. Couch, S.J. Teh and L.A. Courtney (U.S.A.)
Cytological changes during progression of neoplasia in selected fish species (AQT 00301) 77

W.E. Hawkins, R.M. Overstreet and W.W. Walker (U.S.A.)
Carcinogenicity tests with small fish species (AQT 00311) 113

J.J. Black (U.S.A.)
Carcinogenicity test with rainbow trout embryos: a review (AQT 00317) 129

B.B. McCain, D.W. Brown, M.M. Krahn, M.S. Myers, R.C. Clark, Jr., S.-L. Chan and D.C. Malins (U.S.A.)
Marine pollution problems, North American West Coast (AQT 00321) 143

J.M. O'Connor and R.J. Huggett (U.S.A.)
Aquatic pollution problems, North Atlantic coast, including Chesapeake Bay (AQT 00318) 163

M.C. Kennicutt II, J.M. Brooks, E.L. Atlas, C.S. Giam (U.S.A.)
Organic compounds of environmental concern in the Gulf of Mexico: a review (AQT 00310) 191

R.M. Overstreet (U.S.A.)
Aquatic pollution problems, Southeastern U.S. coasts: histopathological indicators (AQT 00307) 213

P.C. Baumann and M. Whittle (U.S.A.; Canada)
The status of selected organics in the Laurentian Great Lakes: an overview of DDT, PCBs, dioxins, furans, and aromatic hydrocarbons (AQT 00314) 241

V. Dethlefsen (F.R.G.)
Status report on aquatic pollution problems in Europe (AQT 00309) 259

I. Kumura (Japan)
Aquatic pollution problems in Japan (AQT 00313) 287

J. McDowell Capuzzo, M.N. Moore and J. Widdows (U.S.A.; U.K.)
Effects of toxic chemicals in the marine environment: predictions of impacts from laboratorys studies (AQT 00312) 303

J.W. Anderson (U.S.A.)
Approaches for evaluating environmental quality: scientific problems and management needs (AQT 00304) 313

J.B. Pearce and L. Despres-Patanjo (U.S.A.)
A review of monitoring strategies and assessments of estuarine pollution (AQT 00319) 323

R. Dawson, J.M. Bewers, N.R. Andersen and G. Kullenberg (U.S.A.; Canada; France)
Global strategies for the assessment of pollution in marine environments and progress achieved in the IOC-GIPME programme (AQT 00306) 345

W.R. Swain (The Netherlands)
Human health consequences of consumption of fish contaminated with organochlorine compounds (AQT 00308) 357

L. Friberg (Sweden)
The GESAMP evaluation of potentially harmful substances in fish and other seafood with special reference to carcinogenic substances (AQT 00303) 379

Abstracts of Poster Sessions (AQT 00302) 395

Contents of Poster Sessions 439

Author index 443
